EMPOWERING INDIVIDUAL CLINICIANS AND SALES
PROFESSIONALS TO EXCEL IN-THE-FIELD

CLINICALHQ[®]

HOME HEALTH. EVOLVED.

CLINICALHQ® | SOLO

We know how crazy the home healthcare world can be. The days are often long and unpredictable, and many clinicians lack support tools that empower them to operate efficiently and independently.

Enter **SOLO**: a world-first day-to-day digital support service that streamlines the most painstaking parts of home health for clinicians. Designed specifically for in-the-field use by leading industry experts, **SOLO** provides mobile workers what they often lack when in the field: resources, protocols, documentation tools, reference guides, training, and more!

The **SOLO** system allows you to easily store files on secure HIPPA compliant servers and instantly search and access materials as you need them, without carrying binders of papers and handouts.

Training modules are updated throughout the year to ensure you have access to the latest industry best-practices. **SOLO** also ensures you have a heads up on future industry and regulatory changes and how they might impact your daily work duties.

Best of all, while **SOLO** is backed by technology designed for the most advanced home health agencies in the industry, it is delivered at a price all individual clinicians can afford.

DELIVERING HEALTHCARE IN A HOME SETTING IS EASIER WHEN YOU HAVE THE RIGHT SUPPORT

- Highly Affordable: Less Than 50c A Day!
- Cloud Based Information Storage System
- Instantly Search Across All Your Materials
- Rapid Coding And Contact Lookups
- Easily Share Resources With Patients
- On-Demand Videos And Trainings
- Continuously Updated For Industry Changes
- All Updates Included In Subscription Cost
- Exclusively Designed For Home Health
- Available on Mobile, Tablet & PC

CENTRALIZE YOUR SUPPORT RESOURCES

Need a patient to have a handout?—no problem! Want to send a caregiver a list of outpatient clinics—no sweat! Wish you didn't have to reinvent the wheel every time you have a HEP?—Perfect! You won't.

SOLO allows you to easily upload documents and tables or link to your favorite online resources. Customize your library for your exact needs and share resources while in-the-field with patients or caregivers in just a few clicks.

INSTANTLY LOOKUP CONTACTS & PROTOCOLS

With SOLO you can access policies, protocols, contact lists, and other support resources anytime, anywhere. Advanced search tools allow you to instantly locate the resources you are looking for saving you countless hours over time.

SOLO also makes standard spreadsheets and tables searchable helping you to rapidly locate contacts, codes, protocols, and more with precision accuracy.

ACCESS CRITICAL EDUCATION ON-DEMAND

Too often clinicians find themselves out in the field without the guidance they need to feel confident in the execution of their duties. SOLO has your back, delivering on-demand education designed exclusively to prepare individuals for success in delivering clinical care in a home health setting.

Experts explain the fundamentals of home health in clear, precise, and unprecedented clarity via engaging “documentary” style videos. Lessons are updated throughout the year to ensure you always have access to the most current best practices.

REDUCE TIME SPENT ON DOCUMENTATION

Shortcuts don't exist in most EMRs for the many of the time intensive tasks clinicians must document. SOLO allows you to store pre-formatted templates that can easily be copied into your EMR and updated to reflect each individual patient.

The instant lookup system also allows you to quickly search for a condition, therapeutic activity, medication and more; to obtain the practical language and descriptors needed to complete you records.
